organic EAR WASH

with witch hazel,
calendula oil & aloe vera

FOR CATS & DOGS

NET CONTENTS
8 FL. OZ. (236 mL)

A blend of natural herbal extracts gentle for daily use, Dr. Mercola Organic Ear Wash for Cats & Dogs helps remove debris and odor from your pet's ears while preventing wax build up and extending the time between ear cleanings. Made in the U.S., our alcohol-free formula was specially designed to help soothe your pet's ears and will not cause burning or stinging.

Directions for Use: Hold your pet's ear flap to expose and straighten ear canal, and squeeze the ear wash into your pet's ear. Use enough solution to fill your pet's ear canal, and gently massage at the base of the ear for about 30 seconds. To keep product nozzle clean, avoid touching the tip of the applicator to your pet's ear. Allow your pet to shake their head, then use a cotton ball or gauze to gently wipe away excess fluid and debris. Alternatively, you may apply solution to a cotton ball or gauze to gently wipe the outer area of your pet's ear canals until clean. Do not use a cotton swab to clean inner ear of your pet. Avoid contact with eyes. If your pet appears to be in pain during the cleaning process, stop administration, and consult your veterinarian.
