## TOPICAL HERBAL REPELLENT

**FOR DOGS 4 MONTHS AND OLDER**

Using herbal ingredients, Dr. Mercola's Topical Herbal Repellent for Dogs repels and controls fleas, ticks, and mosquitoes, reducing the number of bites. The easy-to-apply topical formula is designed for long-term protection.

**CAUTIONS: KEEP OUT OF REACH OF CHILDREN. For external use only.** Avoid contact with skin and clothing. If product gets onto skin, wash with plenty of water and mild soap. If product gets into an eye, hold eye open and gently flush with water for 15 minutes.

**KEEP OUT OF REACH OF PETS. For external use only.** Avoid contact with eyes, nose, and mouth. Sensitivities can occur after using any flea or tick prevention program. If your pet shows signs of irritation, rinse them thoroughly, bathe your pet with mild soap and rinse again. If signs continue, consult a veterinarian immediately.

**Not for use on puppies under 4 months of age. Not for use on cats. Not for aquatic use.**

**STORAGE AND DISPOSAL:** Store in a cool, dry place out of direct sunlight. To store half of a tube, turn the cross-shaped cap upside down and insert it back into the tube. After use, dispose of the tube and packaging according to your local waste regulations.

**DIRECTIONS FOR USE:** *To be used only on Dogs (4 months and older).* Snap the cap off the tip of the Topical Herbal Repellent applicator. Lift or spread the fur between your pet's shoulder blades until you can see their skin. Place the applicator tip directly on their skin and apply the recommended amount by gently squeezing the tube. Wash hands with soap and warm water immediately after applying.

**RECOMMENDED AMOUNT:**

Distance from Neck to Base of Tail	Amount per Application
Less than 18 inches	½ Tube
18-30 inches	1 Tube
30 inches +	2 Tubes

For continuous protection, reapply once a month and use simultaneously with Dr. Mercola's Herbal Repellent Collars for Dogs.
